

WEEKLY REVISION ORGANISER

Use the table below to help you organise your quick weekly revision. These sessions should not be too long but just enough for you to check what you were taught this week.

If you are not sure about a topic then this is good - it will allow you to ask your teacher next week whilst it is still fresh in your mind. This will make your revision so much easier when tests or examinations come around. GOOD LUCK!

SUBJECT	What I Need to Revise	Completed	Notes or further help I need
